Happenings in and Around Bellevue

Albert Hallworth left town last week for Medicine Hat.

Walter Miller removed into his own house last week.

Mr. and Mrs. J. J. Walters came in town on Monday night.

Adam Lorimer was the preacher at Frank on Sunday last.

Mr. Andrews, scale inspector for the C.P.R., was in town on Tuesday.

The Rev. W. H. Irwin is at Edmonton at the Methodist conference.

Mr. and Mrs. J. R. Macdonald and family left town this week for Lethbridge.

Herbert Noble received a slight accident to his back in the Bellevue mine last week.

Mr. and Mrs. T. Bardsley entertained a few friends to a social evening on Tuesday last.

The Bellevue boys' team visited Hillcrest, and Hillcrest showed them how to play football.

Bellevue football team played Coleman at Bellevue on Saturday last and beat them by 3 goals to 0.

The preacher at the Methodist church on Sunday was the Mr. Wycherly of Lill, who took for his subject, "Wanted a Man."

As J. Cousins was coming out of the mine on Monday he accidentally overbalanced himself and put his foot in a tub of boiling water by the lamp house.

The Bellevue older boys had a fine time in the Socialist hall on Saturday night. A large keg of the appetizing beverage was rolled in and the boys did justice to it in a short while. A pleasant social evening was spent.

A man by the name of Misson received an accident to his arm while working at the pillars in the Bellevue mine. He had only been at work about two or three days when the accident occurred, and had previously received injuries at the same place.

Blairmore School Report

The following is the report of attendance of the Blairmore public school for the month of May:

Grade I. jr.—Number enrolled 43, average attendance 35.40, percentage of attendance 82.33, lates 19. Miss Darrach, teacher.

Grade I. sr.—Number enrolled 39, average attendance 37.70, percentage of attendance 96.82, lates 6. Miss Cogland, teacher.

Grades II. and III.—Number enrolled 42, average attendance 37.24, percentage of attendance 88.61, lates 9. Mrs. Page, teacher.

Grades IV. and V.—Number enrolled 29, average attendance 26.52, percentage of attendance 91.44, lates 2. Miss Fulton, teacher.

Grades VI. VII. and VIII.—Number enrolled 15, average attendance 13.17, percentage of attendance 87.8, lates 2. Miss O'Brien, teacher.

The fourth annual publicity number of the Lethbridge Herald came to hand last week and contains the usual batch of interesting material regarding Southern Alberta.

TENDERS WANTED

School Tenders will be received by the undersigned up to Monday, June 17th, 1912, for the building and completion of a frame school house, according to plans and specifications, which may be seen at the secretary-treasurer's office, Burnie, Alta. The successful tenderer to furnish material bank checks for 10 per cent. of contract price. The lowest or any tender not necessarily accepted.

J. C. CHESTER, Secretary-Treasurer, Burnie School District No. 294, June 4th, 1912. 7-4-2

Happenings in and Around Frank

FOR SALE—Good British Columbia Potatoes at Miner's Hotel, Frank. C. V. O'HARA.

Rev. W. T. Young, who has been attending the annual Methodist conference at Edmonton, is expected to arrive in town with his bride early next week.

George Lebrat created a sensation on Saturday afternoon, when he rushed up Main Street with his eyes gazing heavenward and shouting "war! war! war!" He claims to have seen a bunch of American armed airships going north, evidently to ensure peace among the great gathering of "sky-pilots" at Edmonton.

A bush fire was started at the rear of the Rocky Mountain Sanatorium on Monday afternoon, which for a time caused the residents of Frank considerable alarm. A large crowd of volunteers from Frank and Blairmore were soon on the scene with axes and succeeded in preventing the flames from spreading and the fire was confined to the east side of Goat Mountain. A change of wind at night brought new hope and by Tuesday evening the fire had burned itself out, without causing any serious damage beyond spoiling considerable of the beauty of the hillside.

Coleman Notes

T. Martin, of the International Brotherhood of Police, returned Saturday in town.

Service every Sunday evening in St. Alban's church. Rev. D. Watkins-Jones, pastor.

A. C. Plummer, president of the International Coal & Coke Co. was a visitor to town from Victoria on Friday last.

The opera house was crowded on Saturday night to witness "The Girl and the Tramp," and all were amused at the clever figure of Fred Byers as the tramp.

The H. G. Goodeve Co. have been awarded the contract for installing the heating and plumbing apparatus in the new Cosmopolitan hotel at Blairmore.

Coleman Lodge of the Independent Order of Oddfellows will observe next Sunday as Decoration Day. It is expected that a large number of brethren from Blairmore will be present to assist at the ceremonies.

The contract for the erection of the new addition to the public school has been awarded to E. Disney. The H. G. Goodeve Co. have been given the contract for heating and plumbing, and Messrs. Higgins & Graham for painting. The whole work will cost in the neighborhood of \$6,400.

The case of Sorensen vs. Westwood, an action for damages sustained on account of unskilled medical attendance to the wife of a miner in Coleman, was decided in favor of the plaintiff at Macleod last Friday. The court awarded the plaintiff \$1,000 and costs as the amount of damages sustained.

Many are admiring the stand being taken by the Rev. D. Watkins-Jones in regard to Sunday games. While some of the sporting community allege that owing to working in the mines all through the week Sunday is the only chance they have for recreation, yet it is a recognized fact that nine-tenths of the ball-players are not employed at other vocations than that of mine-working and have about three full evening hours in

which to exhale all the unhealthy air that had been permitted to corrode their lungs during the day and secure all the sport and recreation necessary for the ordinary individual. Rev. Jones has taken a stand in which he deserves the support of every morally minded citizen; for it is time that the rules laid down by the Lord's Day Alliance with respect to Sunday deprecation should be enforced. The greatest lovers and supporters of sports lose all sympathy with the games as soon as the adepts risk to make use of the Lord's Day for such purposes, and until Sunday games are put a stop to there will be a falling off in financial assistance from the public.

CORRESPONDENCE

(We do not hold ourselves responsible for the opinions of correspondents—Ed.)

Dear Mr. Editor,—I should be very pleased if you would accept the following letter for publication in your next issue. I am sure it will be of some interest to your readers, and chiefly to the citizens of Blairmore.

A few days ago I had my first opportunity of cruising through the Crows' Nest Pass, and of stopping off and witnessing the many vast enterprises which are developing the unlimited natural resources of that portion of the Canadian Rockies.

I was particularly impressed with the modern lines upon which the towns of the Pass were building—the admirable townships, their street lay-outs, water systems, etc., and the up-to-dateness of the business and public buildings.

While in Blairmore, although much taken up with the beautiful location of the town and the magnificence of the surrounding hills, I was somewhat surprised at the unsatisfactory appearance of the post office of that town. The waiting room from all appearance had not known the presence of a broom for a considerable time, for the floor was literally covered with scrap paper and other material that would be an eyesore to any visitor acquainted with the cleanliness generally represented in public buildings in towns of even less importance than Blairmore. Then there were standing around the waiting room a number of men who seemed to pride in the spatters of their expectation, which altogether made the place a nursery for any kind of disease germs and a menace to the public.

Such a state of affairs, Mr. Editor, is a very poor advertisement for a town with such a bright future in store as has the town of Blairmore. I am surprised that the public should tolerate such conditions, and trust that such a spectacle as that witnessed by the writer in your local post office last week will not be allowed to meet the view of other visitors to your town.

In mentioning the above matter I do not pretend to know on whom to lay blame, for in many cases such a condition is partly attributable to the patrons of the post office who deliberately strew paper and other materials around without the slightest consideration for those in whose charge the institution has been placed.

Thanking you for space, I remain,
Yours truly,
TRAVELLER
Lethbridge, June 3rd, 1912.

Pierce forest fires have been raging in north-eastern Newfoundland during the past two weeks, devastating thousands of acres of timber lands and wiping out several small villages. Loss is said to be over a quarter of a million dollars.

Henderson's directory, just published, gives Vancouver a population of 170,000. They must have counted those two Hindoo women.

Happenings in and Around Blairmore

R. B. Bartlett, of Macleod, spent Sunday in town.

C. Beebe and family have moved out to Creston, B.C.

T. Airdale, of Cowley, was in town during the week.

Mrs. W. L. Shera is visiting friends at Macleod this week.

J. E. Woods, of Pincher Creek, came to town Monday afternoon.

Carl Pegg returned Saturday from a fortnight's visit to Cranbrook.

W. L. Shera paid a visit to Lethbridge Monday, and returned to town Wednesday morning.

The grand comedy, "Casey Jones," will appear at the Blairmore opera house on Friday, June 14th.

M. Schofield returned Sunday from Macleod, where he had been as a witness in the case of Howard vs. George.

J. H. and Mrs. Lee are moving into town from Hillcrest, where they have resided for the past several months.

Monday was observed as a public holiday throughout the Pass, in honor of the birth of His Majesty, King George V.

L. H. Putnam returned from Macleod on Saturday, whether he had been attending to legal business for several local clients.

S. J. Watson has moved to Blairmore from Frank and taken up residence at the corner of Seventh Avenue and State Street.

J. G. Smith went out to Coal Creek on Friday, where on June 1st he entered upon his new duties with the Trites-Wood Company.

Mrs. George Ford and son George, of Collingwood, Ont., arrived in town Saturday and will make Blairmore their home in the future.

G. H. Cleland is conducting a lively business in town, his new stable being located on the corner of Jefferson street and Eighth avenue.

Rev. Maclean Beaton, who officiated in the Blairmore Presbyterian church for the past two Sundays, has returned to his home work at Cayley.

It is worse than useless to taken any medicines internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers.

The local football team journeyed to Pincher Creek on Monday, where a league game was played resulting in a score of 2-1 in favor of Pincher.

A handsome cup presented by P. Burns for competition of the Crows' Nest Pass football league, is on exhibition in the window of P. Burns & Co.'s branch store here.

Victoria street was so crowded with people coming from the opera house on Friday night last that some parties, including a girl and a tramp, were obliged to use the lane as a way to get home.

Material is being placed on the ground for the brick-venering of the Budd building located between Eighth and Ninth avenues on Victoria street. When completed this building will present a much more stately appearance.

A member of the Hindu fraternity was arrested by Constable Meade on Saturday night on the charge of being drunk and disorderly, and on Monday morning was released after depositing \$5.00 and costs with the local treasury.

On the charge of misappropriating certain funds belonging to the Blairmore football club, a chap named Merrit, who left town on Thursday's local, was stopped at Macleod and escorted back to town. On Friday he appeared before Justice Belcher to answer to the charge, but at the request of the complainant the charge was withdrawn.

Harry Orr, of the South Fork, was in town during the week.

John Wilson, of the Lundbreck livery, paid a business visit to town on Tuesday.

Lester Martin, of Winnipeg, is spending a couple of weeks with his uncle, T. Frayer, in Blairmore.

The Alberta Trading Co. are this week unloading another car of the celebrated Royal Household flour.

BORN—On Sunday morning, June 2, at the maternity home of Mrs. J. Holloway, to Mr. and Mrs. William Patterson, a son.

The second annual ball of the Blairmore Tennis club will be held in the opera house Friday night, June 7th, and promises to be a successful affair.

D. H. Hyslop, of Coleman, was the acceptable supply at the Central Baptist church Sunday morning and evening last, in the absence of Rev. J. F. Hunter.

Work on the Cosmopolitan hotel is progressing well under Mr. Albitus, and already the mammoth proportions of this new hostelry are beginning to loom up.

Rev. D. Watkins-Jones will conduct Anglican service in the Budd Hall every Sunday morning at 11 o'clock. Subject next Sunday "What is Salvation?"

The woman of to-day who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

Rev. J. F. Hunter and James W. Gresham, left on Friday night's flyer for Edmonton, where they attend as delegates to the annual meeting of the Alberta Baptist Convention. They will return this week end.

We guarantee to give absolutely free to every man, woman, boy or girl, a \$2.50 watch, or Waterman fountain pen upon filling simple condition. For particulars write The Scout Magazine P.O. Box 471, Ottawa, Ont.

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this kind with perfect success. For sale by all dealers.

Posters are up announcing a picnic and sports to take place at the ranch of T. Shepherd, Riverside, near Cowley. Preparations are being made for a big series of events, which will likely be attended by large crowds from different stations along the line.

A large crowd attended the "Girl and the Tramp" at the opera house on Friday night, and all were pleased at the clever work of the Tramp. Fred. Byers is an exceptionally good comedian, and has won considerable favor during the present tour of his company.

Sunday next will be observed by Coleman Lodge No. 36 and Blairmore Lodge No. 68 as Memorial day. The members of Blairmore lodge will meet in their hall about 1 p.m., preparatory to driving to Coleman, where they will participate in decorating the graves of departed brethren. A full attendance is requested.

Representatives of Pat. Burns, the furniture store, the press and the medical profession paid a visit to Beard's camp on Sunday, and report nothing wanting in the way of sanitation, furniture, tough meats or literary rags. They were highly entertained by "Old Ned" who only regretted that the keg in the corner of the mess room contained no more of the regular refreshing beverage.

There is one medicine that every family should be provided with and especially during the summer months; viz., Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford it to be without? For sale by all dealers.

Keeping His Hand In

The hanger of Calgary Industrial Exhibition, June 28th to July 5th, is being distributed. The illustration depicts a cowboy, whose occupation has presumably been cut off by the encroachments of the grain grower, "keeping his hand in" by roping a sheaf of wheat from among several shown on the opposite side of a barbed-wire fence. The delight of the cowboy in the success of his achievement is equalled by the seeming reluctance of the inanimate sheaf to be drawn towards its natural enemy and by the terror of the horse at witnessing the frivolous nature of his rider's employment.

"5000 Facts About Canada" For 1912

The 1912 Edition of that popular and indispensable booklet, "5000 Facts about Canada," compiled by Frank Yeigh, the widely known writer and lecturer, and author of "Through the Heart of Canada," is now out and is replete with new matter, including an outline map of Canada, a calendar and the new Census figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information, gathered with infinite pains, should be in the hands of every intelligent Canadian, and the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co. 667 Spadina Ave. Toronto.

The June Rod and Gun

An illustrated story descriptive of a journey up into the Arctic slope is contributed by Dr. Luther Harvey as the opening number of the June issue of Rod and Gun in Canada published at Woodstock, Ont., by W. J. Taylor Limited. Vacation Camps follows and will furnish a pleasant solution of the problem what to do with the boy during the good old summer time. In an article on the Grand Casapudin, the great salmon river of Eastern Canada, Mrs. M. G. MacNeil McWhirter recalls famous sportsmen who have fished in its water, including Sir Charles Ellis, Lord Dufferin, the Marquis of Lorne, Lord Lansdowne and Stanley. A third article on the Culture of Black and Silver Foxes also appears in this issue and other stories and articles are in keeping with the character of the magazine and the time of the year.

Bob Coulthard

Gets the Job

Robert W. Coulthard, who was until recently manager of the West Canada collieries at Blairmore has been engaged by the city committee to make a preliminary report on the coal lease that are still available. For this preliminary report Mr. Coulthard will receive \$500 and expenses, and later if the committee should want the properties prospected more thoroughly Mr. Coulthard will work on a monthly salary of \$600 or \$700.

While some of the members thought the fees a little stiff as they have only \$2,500 to spend, still in view of the exceptional qualifications of the engineer in question, it was considered that Calgary was getting the services of a thoroughly qualified man very cheaply. Mr. Coulthard will look over the mines in the Bankhead district first and later go to the Highwood fields, Calgary Herald.

DEPARTMENT OF EDUCATION PUBLIC NOTICE

By the Board of Trustees of The Blairmore Public School District No. 628, of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Blairmore Public School District No. 628, of the Province of Alberta, that the sum of Five Thousand dollars should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in Ten equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely: Building and Equipping an addition to the Schoolhouse.

THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as provided by the School Ordinance the said Board will apply to the Minister of Education for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

W. A. BEEBE,
Chairman.

GREAT NORTHERN REACHES WINNIPEG

Extends Its Line From Neche on the Canadian Border into the Heart of the Metropolis of Canadian Northwest

The World's Largest Shipment of Agricultural Machinery Inaugurates the Service

The Great Northern Railway signalled its entrance into the City of Winnipeg over its own rails by hauling the largest train load of agricultural machinery ever handled over any railroad in the world. One hundred cars of Oil Pull Traction engines manufactured by the M. Rumely Company of La Porte, Indiana, left St. Paul on Wednesday in two sections for Winnipeg.

By acquiring trackage rights into the city of Winnipeg, the Great Northern adds about seventy miles to its Canadian mileage. Already it has more than six hundred miles of line in Manitoba and British Columbia. The Great Northern Railway was a considerable factor during the winter of 1911 and 1912 in relieving grain congestion in Manitoba and eastern Saskatchewan; it handled about three thousand cars of grain through Portage La Prairie and about half of that amount through Emerson to the head of the lakes, this exclusive of what was handled over its own Manitoba lines.

The Great Northern has more than once helped out the people of Western Canada in connection with coal shortages. Last year it handled thousands of tons of coal through Alberta.

The movement of the 100-car train of Rumely Company Oil Pull Traction engines from St. Paul to Winnipeg is symbolic of the two greatest factors which have contributed to the agricultural development of Northwestern Canada, the railroad and the traction engine. Prior to the movement of the world's largest train load of traction engines, the M. Rumely Company shipped to Winnipeg over 150 cars of traction engines destined to the grain fields of Manitoba, Alberta and Saskatchewan.

This great trainload of 100 Oil Pull tractors was valued at approximately a quarter of a million of dollars when it left the factory, while freight and duty will materially increase this by the time it reaches Winnipeg. While the engines on the cars were of three different sizes the average weight was close to 26,000 pounds each or 1300 tons as a total. 100 brand new flat cars, each weighing 40,000

pounds, added 2000 tons more to the burden behind the great Mallet locomotives that handled the train.

These 100 engines would have sufficient power to equal the work of 5000 horses in stationary work such as running the threshing separator and wood saw. For plowing and other work involving straightforward motion the work of the engine could be cut in half, but still would equal the power of 2500 horses. In some cases they could be used to equal the work of a much greater number, since it is the practice to work the tractor day and night in rush seasons. For each horsepower, however, a minimum of 55 acres of wheat land in cultivation can be estimated and from the 62,500 acres which could be plowed, seeded, harvested, threshed and hauled by these tractors in 100 ten hour days, we can safely estimate 1,250,000 bushels of grain added to Canada's wheat crop this year.

This one shipment is only an incident as compared with the stream of agricultural machinery pouring into Western Canada. A recent report of the Minister of Agriculture at Ottawa shows that in the three prairie provinces nearly 300 million acres of tillable land lie in a virgin state waiting for plow and mechanical power. From every factory in the States and from several eastern Canada factories, great shipments are going forward to answer the call for more wheat and more power to raise it. Western Canada last year bought \$4,000,000 worth of tractors for every man, woman and child. One factory in Indiana last year shipped a solid train load into Western Canada before the 1st of July and this year is shipping 100 per cent more power machinery than it did a year ago.

The high cost of living is creating an unusual demand for bread, and in both our own Northwest and in Canada mechanical power has been the only solution. Horses are too high priced and too expensive to maintain, since they are idle about 8 hours out of every nine in the wheat country. They cannot be produced quickly enough to take care of the increased demand for wheat, and the oil

tractor appeared on the scene just in time to take care of the whole difficulty. Fifty important firms on the continent are building tractors and extending their facilities every year because of the wonderful growth of the Northwest and Western Canada.

As an indication of the interest aroused by the passage of these trains it is related that when the first tractor train reached Regina, Sask., in March, 1911, nearly 500 citizens walked out in the yards, nearly a mile and a half, to greet its arrival. Business men in the West realize their dependence upon agriculture much more keenly than those in manufacturing towns, and both business men and farmers have become thoroughly imbued with the idea of using the machine for the heaviest work. A train load therefore that promises to add a million and a quarter of dollars to Canada's wealth this year is an event which aroused the keenest interest. Many of the tractors are going for use on lands that have already been put into use, but the majority will go to break up new soil, which is almost too tough for subjugation by animal power, and thus the sending of mechanical power means an actual addition to the resources of the West.

In this big train are a number of smaller tractors well adapted for general purpose work on land after it has been broken, but the majority are of the bigger, slower, durable high-powered type that is in demand now in Canada for making farms out of raw prairie.

The train is accompanied by M. Rumely, Vice President of the M. Rumely Company of La Porte, Indiana, makers of the Oil Pull Tractor; E. L. Bretton, Minneapolis, Manager of Rumely Products Co.; R. B. Robitsek and L. W. Ellis of the Advertising Department of M. Rumely Co., several officials of the railroad company, and numerous dealers and salesmen who are each riding a few miles with the train as it passes through their various localities.

LOTS!

The North - West
Quarter of Section 9

Adjoining the Town of Coleman

Will be Subdivided at once into Lots and
Placed on the Market

Lots 50 by 100 feet will be sold at from \$125 to \$200, Terms easy and suitable to Purchaser.

Acres Lots will be sold for \$300 and parcels containing Five or Ten Acres will be sold on easy terms.

Those Applying First Will Get Their
Choice When Survey is Completed

Blairmore vs. Lille

The Band played the opening chorus of the Southern Alberta Football (Pass) League last week, when Blairmore and Lille came together and the former team watched her first win by defeating her little neighbor by two goals to one. Both towns put good teams on the field altho' Blairmore missed their centre forward, Cooper, and his irascible absence from the match made a difference in the result, at least that is the general opinion. However, the smart little team below old Turtle Mountain is quite satisfied with her victory. The game was really good and was of quite important enough a nature to bring out a big crowd who roared for their respective favorites. Both sides were very evenly matched and if they practiced more seriously and got into that combination work which is the secret of "soccer," they could give as good an account of themselves as such notorious teams as Banbury or Astor Villa!

Blairmore lost the toss and had to play against a glaring sunset. Play was pretty open during the first quarter of an hour, both sides invading rapidly over the field, and some splendid head work was noticeable by both teams. Dawson in the Lille goal was early spotted as a good custodian, high class indeed, and while Frank Gertsch, the Blairmore goal keeper, had not so much to do, he was all there when wanted and was ably supported by his two backs, Tom Messey and Jack McAndrew. The defence of both teams was excellent, Griffiths, of Lille, being particularly good. Tom Roberts, who with his partner, Danny Dunlop, on the right wing of Blairmore, were doing good work from the start, scored the first goal after twenty minutes play, heading Dawson with a fine shot, after being very nicely tripped by Hugert the Lille left half. The referee's eyesight was apparently a little hazy as regards this little Frenchman's tactics and he might very well have taken the suggestion of a spectator who told him to "Pick the beater out his teeth." Referee Paton must be a Scotchman! No further score was entered when the whistle blew for half time and as the game had started let's no orange, lemon, or ice cream interval according to League rules was taken and both sides were in the battle again. Start of second half was sensational, Blairmore pressed hard and were soon down on Dawson's citadel. Foulde, shot wild and immediately after Danny Dunlop was badly tripped up, and a penalty given immediately against Lille. T. M. Messey the big right back took the kick a few yards from goal, and it was almost a matter of inches, but he hit the upright and the vibration was felt all over the field like a Frank kick. If Dawson had been in front of that kick, his League appearances would have to be deferred till later on in the season. A corner of the west goal against Blairmore saw the equalizing of the score, the ball was well placed, and seemed to be got away by the local backs, but sort of spectacular "hands up" business right in the goal mouth resulted and a yell of triumph explained that Fisher had beat Gertsch and made the score 1-1.

The equalizing of the score put both teams on their mettle and fast work was the order from the kick off. The Blairmore's left wing, Russ and Foulde, now got in some good work, and the speedy little telephone foreman, hooked a nice centu into Danny Dunlop, who got the spheropast Dawson and placed the home side in a majority of two goals to one. Moodie and Jack McAndrews change places, and the latter's wait at centre half was marked by his being badly tripped up right in front of goal; a penalty kick was given but nothing resulted and the ball was speedily transferred to the other

ANOTHER INDUSTRY

Calgary Company Become Interested in Crow's Nest Pass Coal Properties

CAPITALIZED AT \$1,000,000

Will Develop Large Coal Areas Near Crow's Nest and Main-Tain Temperance Town

Quietly formed some time ago by Calgary capitalists, the Tent Mountain Coal Company will be mining steam and hard coal around the end of August, it is expected. Their property is located in the Crow's Nest district, four miles from Crow's Nest station and engineers are now at work surveying the railway branch line from the main line to that property. For the past three months work on the uncovering of seams has been proceeding and now six are exposed.

The promoters declare that they will put their product on the market at as reasonable a price as possible. As they will probably ship much of their coal to Calgary the result may be cheaper fuel for this city. As well as their own interests they have the interests of Calgary's industries and manufactures at heart.

A feature new to coal mining will be introduced and that will be a model village, in which saloons or other vicious resorts will not be allowed. The site of the village has already been purchased and it is expected that it will not be many seasons before a large and thriving community is living there, free as far as possible from the vices of the other mining towns of the world.

Among the local men who are interested in the scheme are, president of the concern Mr. A. J. Sayre, of the Sayre Automobile company; president of the board of directors, Dr. Bow, one of the leading spirits in connection with the University of Calgary; Mr. W. J. Tregillus, president of the United Farmers of Alberta; Mr. D. W. Trotter, of the South East-California Corporation; Mr. E. D. Beveridge, of Beveridge Brothers, real estate; Mr. T. E. Jackson, rancher; and Mr. S. H. Traubhauser, proprietor of the Yale Hotel. The capital of the

end, where two corners were given against Blairmore in quick succession, Gertsch saving splendidly low down. The light was, now getting hard and it may seem like romancing, but the ball was once, actually lost! The whistle blew at last, leaving Blairmore victorious by two to one.

The teams were as follows: Blairmore: Frank Gertsch, goal; Tom Messey and J. McAndrew, backs; W. Love, W. Moodie and H. Lambuth, half backs; Tom Roberts, D. Dunlop, H. Hugert, F. Foulde and W. Russ, forwards.

Lille: K. L. Dawson, goal; J. Allanby and A. D. Griffiths, backs; T. Brunson, J. Mettelle and A. Hugert, half backs; T. Williams, W. Bell, Ross, Fisher and J. Boyle, forwards.
Referee: Sam Paton.
Linesmen: W. Pickering, Merritt and Piper.

"Casey Jones" Pleased

"Casey Jones," a comedy, with Ollie Mack, he of the fame, for the past two decades, in the title role, played before a good-sized audience at the Temple theatre last evening, and judging from the frequent outbursts of laughter greeting the players, and their lines, the piece can be considered a go.

The play is a good vehicle for transporting Ollie Mack's inimitable stage presence before the people. He assumes the part of an erstwhile tramp now the possessor of a fortune, and who is bent on having a high old time, and in this mood he seeks the comforts of the home of Dudley O'Brien, a former associate, but at the time of the action an Irish pond-tail. Between these two many ludicrous scenes are enacted much to the mortification of Mrs. O'Brien and her charming niece both of whom are bent on doing society a la Newport. Throughout the piece the brogue of the C-I-I is evidenced, and the many expressions heard carry with them reminders of the happy days when Mack was hailed as the greatest representative of the Irish race on the American burlesque stage.

While Mr. Mack is proclaimed the principal of the play, which he really is, he is run a close second by Mr. Mulford (Dudley O'Brien) and J. S. DeForest (Frank Jefferson, a glib book agent), these two carrying on their parts well. The work of Miss Marcia Harris as Ambrosia Merrifield, a spinster, is exceedingly well done, her facial expressions and the manner speech, both in speaking and singing parts, calling for applause and laughter at all times. The play is not without its specialties. Miss Pearl Golding the niece appearing in several singing and dancing offerings was well received, and Mrs. Helen LeFleur, as the wife acted her stern part admirably. Taken all in all "Casey Jones" was a worthy offering—serving its intended purpose of driving away any feeling of business.—Lewiston Tribune.

Blairmore opera house June 14th.

Willard Wright, the noted "air king," died at Dayton, Ohio, on May 30th, of typhoid fever.

The Wainwright Star enjoys the distinction of having made the first deposit in the Union Bank branch which was destroyed by fire last week. The Star had hoped that the ordinary luck of a newspaper would permit it to make another deposit before the next general elections.

company is \$1,000,000. Though the promoters are saying little, considerable has been done so far. The property has been minutely examined and it is said that the mountain is almost entirely formed of coal. It is considered one of the finest and most extraordinary deposits in existence.

It is said by those with a knowledge of geology who have visited the place that at some time by a most strange freak of nature during one of the convulsions of the earth millions of tons of coal were shifted from their natural place below the ordinary level of the earth and laid high in the air. That the coal is high in the air is a fact. The entrance to one of the seams is 6,000 feet above the sea level and to another 4,000 feet.

Notwithstanding the evidence so far secured an exhaustive report on the property is being prepared. Other engineers will report soon on the machinery that will be needed to commence operations.
